

Butterfly

Amaarae

You don't know the peace of mind you bring
You show me the secrets and the ways
To love every moment of the day
The flowers you kiss all come to life

Precious day
Lights your way
Rest your wings
Stay awhile
You're the sun in my sky
Butterfly

You don't know the peace of mind you bring
You show me the secrets and the ways
To love every moment of the day
The flowers you kiss all come to life

Soaring winds
Rainbow waves
Touch my mind
Feels so fine
You're the sun in my sky
Butterfly

You don't know the peace of mind you bring
You show me the secrets and the ways
To love every moment of the day
The flowers you kiss all come to life

You don't know the peace of mind you bring
You show me the secrets and the ways
To love every moment of the day
The flowers you kiss all come to life

Feels so fine
You're the sun in my sky
Butterfly
