

Catching A Wave

Amaarae

I think the time has come for you and me to let go
I dig your style your steeze, you know I'm on your tempo
You changed the game I'll never be the same, I let you know
It's you and me feeling the breeze, we should just let it flow

Don't bring no sand to the beach
Just you and your body
You don't need nobody but me, at this party

And we'll be hanging out late night
Get your right
Hanging tight on the tide
Catching a wave
Moonlight, all night, sunrise, break of dawn
Catching a wave

Aah...
Catching a wave
Aah...
Catching a wave

Since morning waiting on you
Thinking before I make a move
What at all makes me want you
Can't even start to think of me without you
Baby, what did you do?
That has me so stuck on you

Don't bring no sand to the beach
Just you and your body
You don't need nobody but me, at this party

And we'll be hanging out late night
Get your right
Hanging tight on the tide
Catching a wave
Moonlight, all night, sunrise, break of dawn

Aah...
Catching a wave
Aah...
Catching a wave

Still counting down the days since you and I let go
Still tryna figure out where it is we went wrong
You must have lost your mind, You must have lost your soul
Baby, since the stakes are high, I've got to play you close
