Wow! Celine
You don't know just what you do to me
Anytime I see you, it's in my dreams
I'm just tryna make you mon ami
Wow! Celine
You don't know just what you do to me
Anytime I see you, it's in my dreams
I'm just tryna make you mon ami

Got my head rushing like cigarettes
Her nigga gone, auf Wiedersehen
No, babe, I ain't got a milli' yet
But I'm blowing on the internet
I don't really do feelings yet
But you gettin' kinda thick, yeah
Tell me you ever had rich sex
Tell me you ever had rich sex

Girl, I know you fucking with the sauce
Did the talk, you rocking, let me know
First off, when I seen ya
Could tell that I need ya
Jourdan Dunn with the features
I'm tryna get something deeper

Wow! Celine
You don't know just what you do to me
Anytime I see you, it's in my dreams
I'm just tryna make you mon ami
Wow! Celine
You don't know just what you do to me
Anytime I see you, it's in my dreams
I'm just tryna make you mon ami

Wow! Oh, Celine (Oh, Celine)
You don't know just what you do to me (You don't know)
Wow! Celine (Oh, Celine)
You don't know just what you do to me
