Amaarae

I like my coffee with some head in the morning
Two shots
I like bitches that think they're important
I got
All of this money
You think I'm feeling a way, it's not like you love me
I know you don't love me
Mmm, yeah

Fiendin'
Pull up in a white Mercedes, yeah
We're geekin'
Out of my mind, I'm faded, yeah
I-I, I wish I didn't have to say this
But I know you gon' miss it later
And I can't fuck with you, baby

'Cause you got me hypnotized
With these eyes I know
With these eyes I know, I know
Yeah, you got me hypnotized
With these eyes I know
With these eyes I know, I know
Oh, I know

I am whippin' the Bentley, I need it tinted
Shawty love me, say "Won't you come give me kisses?"
I gotta get out your way
I gotta give you the space, huh yeah
Fuck you and give you away
Know I just wanted to play, huh yeah

I'm out my body right now
I'm on a molly right now
Wanna be on it right now
Buy me designer right now
I want the Mowa, Moncler
Dirty a soda, I'm in hell
I wanna party right now
I wanna party right now

Fiendin'
Pull up in a white Mercedes, yeah
We're geekin'
Out of my mind, I'm faded, yeah
I-I, I wish I didn't have to say this
But I know you gon' miss it later
And I can't fuck with you, baby

'Cause you got me hypnotized
With these eyes I know
With these eyes I know, I know
Yeah, you got me hypnotized
With these eyes I know
With these eyes I know, I know
Oh, I know
