White lights on me shine like Chromo
I can't do no wrong, I'm baby
I let this girl call me Ama
Most of my girls call me baby
I got plenty of money
I wire my bitch for the tummy
Playing with plenty of money
Yeah, plenty of money

What would you do
If I say this to you, when I say this to you?
Doves in a coupe
They don't compare to you, wanna, wanna whip on you too

White lights on me shine like Chromo
I can't do no wrong, I'm baby
I let this girl call me Ama
Most of my girls call me Fountain
Plenty of money
Playing with plenty of money
Yeah, plenty of money
Ooh, plenty of money

I'm calling you bitches collect
You nigga is soaking in debt
You owe me for all of this swag
You owe me for tatting your chest
My bitch is bad
'Bout to see what are we fucking on next
I'm really myself in the flesh

I need a brat, she do what she want
If you got some ass, then come to the front
She got some ass if you take off them jeans
I put some Valium into her gums

What do you feel right now?
What do you feel right now?
What do you feel right now?
What do you feel right now?

The cams is gleaming, I'm taking the scenic
I'm chewing and gnawing, I'm obviously leaning
My aura is leaking, my baby is teething
I take her to islands and Poly-a-nesian
I like how she fiend
She peak through my privacy screen
I'm really like one of them ones
I can't even stretch anymore

White lights on me shine like Chromo
I can't do no wrong, I'm baby
I let this girl call me Ama
Most of my girls call me baby
I got plenty of money

I wire my bitch for the tummy
Playing with plenty of money
Yeah, plenty of money

Calling you bitches collect
Nigga is soaking in debt
You owe me for all of this swag
You owe me for tatting your chest
My bitch is bad
'Bout to see what are we fucking on next
I'm really myself in the flesh, yeah
