

## Fluid

Amaarae

I'm feeling so fluid, fluid, yeah yeah  
Baby, let go, you can do it, just do it, fluid  
I'm feeling so fluid, fluid, yeah yeah  
Baby, let go, you can do it, just do it, fluid

See I didn't think I'd see the day  
Where I shed all this water weight  
You had me plummeting like anchor babe  
Had me drowning in your fountain shape  
Aw yeah, kissing easter pink  
Summer swim in some insides and sink  
You make a baddie wanna write you song to sing  
Oh, na na na na na na  
So please don't waste my time  
Don't go chasing types  
That won't catch you when you fall  
I'm tired of fighting why  
Can't you just be mine  
Baby, we can have it all

I'm feeling so fluid, fluid, yeah yeah  
Baby, let go, you can do it, just do it, fluid  
I'm feeling so fluid, fluid, yeah yeah  
Baby, let go, you can do it, just do it, fluid
