

Happy Mistakes

Amaarae

I miss you most of all
More than anybody else
I get emotional
At the thought of you
I need you here right now
I don't wanna be with nobody else
And though you're my other half
I want all of you

Oh, I think its safe to say
I don't want this love any other way
I want all your time and your attention
All this time you're what I've been missing

I have a confession, don't take it personal
I have a confession, so you've gotta listen
I have a confession, don't take them personal
I have to confess that you're all I've been missing

I have a confession, don't take it personal
I have a confession, so you've gotta listen
I have a confession, don't take them personal
I have to confess that you're all I've been missing

Sometimes you treat me like a fool
Going crazy over you don't have a clue
All this love I have inside to give to you
Will go to waste, I don't dey craze
You wreck my brain

Situations, will arise from time to time
I've been patient...
