

# Blink Gone

AmaLee

Oh in a blink, gone  
Blink gone  
I feel my heart long  
Blink and gone  
The clock goes tick-tock tick-tock  
All you want, within a blink gone  
Oh in a blink, gone  
Let's go

Knowing this moment is fleeting ephemeral  
Just join me and party  
And let's go crazy high

High up your hands touch  
As you let the rhythm take life  
Let it play on and on  
The verdant light I miss  
Oh how it tickles my eyes like a kiss while I smile  
It's radiant and bittersweet  
All could be lost in a single blink

Oh in a blink gone  
Throw all your worries away  
Oh in a blink gone  
Don't leave a moment to waste  
I'm telling you blink gone  
Leave no regrets in your veins  
The clock goes tick-tock tick-tock tick-tock  
Blink Gone

Oh in a blink gone  
Blink and gone  
Relish the moment  
In a blink gone

Lead all your fears off, your burdens let burn away  
This party is your stage  
Yeah never look back now

Now no tomorrow  
Is waiting for me in this life  
This is your only chance

From somewhere crimson air  
Feel it's embrace on your soul lifting where we will go  
And the thrill, flying high  
Just like a comet across the sky

Oh in a blink gone  
Throw all your worries away  
Oh in a blink gone  
Don't leave a moment to waste  
I'm telling you blink gone  
Leave no regrets in your veins  
The clock goes tick tock-tick-tock tick-tock  
Blink Gone

Oh in a blink gone  
Throw all your worries away  
Oh in a blink gone  
Don't leave a moment to waste  
I'm telling you blink gone  
Leave no regrets in your veins  
The clock goes tick tock-tick-tock tick-tock  
Blink Gone

Oh in a blink gone  
Throw all your worries away  
Oh in a blink gone  
Don't leave a moment to waste  
I'm telling you blink gone  
Leave no regrets in your veins  
The clock goes tick tock-tick-tock tick-tock  
Blink Gone
