

# Daddy! Daddy! Do!

AmaLee

Daddy daddy do  
I want all of you  
Your entire body and soul  
Throw my heart on the flames  
This love, this love  
Like fire burning in my veins

Ba-ba-da  
Ba-ba-da  
Ba-ba-da  
Oh~  
Ba-ba-da  
Ba-ba-da  
Ba-ba-da

I lean in to kiss you  
I'm counting one, two, three  
But then you look away like it was all a game  
I'm trying to tell you  
My feelings but it's hard  
When you keep toying on with my heart

I shouldn't chase you  
I know it's taboo  
But I can't help it oh what should I do?

I gotta make my move  
Because I'm running out of time  
Remove this disguise of mine  
And fire my shot  
Give all I've got  
It's not a game anymore  
Love is war

Daddy daddy do  
I want all of you  
Your entire body and soul  
And like that it's a trap  
But I find I don't mind  
Boy keep on playing my heart

I'll just take a peak  
See what you're hiding  
Underneath that smile of yours  
Throw my heart on the flames  
This love, this love  
Like fire burning in my veins

Ba-ba-da  
Ba-ba-da  
Ba-ba-da  
Oh~

No hesitating  
That's a big NO NO NO  
Just like a game of chess  
There is no second chance

Don't wanna live life  
In my regret like chains  
I'd rather give my heart to the flames

Do you not realize  
The charm in your eyes  
Whatever you do I'm falling for you

I slowly turn around  
Because my world is spinning now  
I feel my heartbeat racing  
'Cause when you're with me  
It's hard to breathe  
It's not a game anymore  
Love is war

Daddy daddy do  
Anything for you  
There's so many things left to say  
I won't miss  
But a kiss  
Is a dangerous wish  
Even so we've only begun

When you call my name  
Boy it fans the flames  
I just pray this game never ends  
Throw my heart on the flames  
This love, this love  
Like fire burning in my veins

I think I might cry  
Your lips they are one of a kind  
And your smile makes me weak each time  
Now suddenly I'm falling  
Into a great unknown  
A whole new world before me  
But I'm not alone  
Oh

Daddy daddy do  
There is only you  
Now until life comes to an end  
I am yours ever more  
And I'll take what's in your store  
Come drive me crazy some more

I'll give you the key  
Only you can see  
The deepest part of my heart  
Throw my heart on the flames  
This love, this love  
I love this love  
Fan the flames of fire burning in my veins

Ba-ba-da  
Ba-ba-da  
Ba-ba-da

Of fire burning in my veins oh

Ba-ba-da  
Ba-ba-da

Ba-ba-da  
Oh~
