

# Diamond Crevasse

AmaLee

My heart is crying out  
You are one I cannot live without  
I recall when I loved God  
I was so innocent not knowing the touch of your lips

Back then I wish I knew  
What would happen in the years to come  
If I did I'm sure I would  
Have held you until every part of me went numb

This LONG LONG GOODBYE  
I say goodbye  
I cry goodbye  
More times than you know  
I wave my hand  
So gracefully  
And try to hide my tears  
The stars are all shining like on that night we met  
I will never forget you oh no

When I touched your hand  
Stars shined like it was planned and I was reborn  
I know now that love exists  
I know now that I exist  
Thank you from the bottom of my heart  
For showing me a miracle  
But if we wait for one more  
Surely this world of ours will be gone  
You'll be gone

My heart is crying out  
Your warmth I cannot live without  
No your hands or your kindness  
How could you expect me to forget about our love

This LONG LONG GOODBYE  
I say goodbye  
I cry goodbye  
More times than you know  
I came this far  
Because you are  
Like my own shining star  
My heart is breaking now just thinking about parting  
Oh no I don't want to be alone again

I'll try with all my might to catch a falling star  
And make it shine a path  
I want to keep loving you  
Oh God if I ever knew  
What is wrong with your skin  
Why are you going cold  
Open your eyes please  
Kiss me like you did before  
Goodbye's not the word that I have longed for

(What is wrong) what is wrong with me baby  
Why can't I stop my tears (stop my tears)

(Please) please come back to me

When I touched your hand  
Stars shined like it was planned and I was reborn  
I know now that love exists  
And without you I cannot exist  
Thank you from the bottom of my heart  
For showing me a miracle  
Won't you show me just one more  
And patch up my heart that you tore  
When I touched your hand  
Stars shined like it was planned find me when we're reborn  
I will wait for you my love  
Even when everything's gone  
If you come to find me  
Darling promise me don't let me go again  
Look at the wound that you've made  
Here inside my heart diamond crevasse

My heart is crying out  
My heart is crying out  
My heart is crying out  
My heart is crying out
