Dream Spell

AmaLee

This I know, that things must change
Worlds to lose and worlds to gain
But you know I've laid my stake
You can't escape, can't escape

Dream of me, dream of me
Close your eyes and fall away
Fall like a star into your memory
Dream of me I pray

By candle's light, I weave my spell
It's all I have, so I might as well
Around my hand to wear your ring
Ether turns my wish to dream

Dream of me, dream of me
Close your eyes and fall away
Fall like a star into your memory
Dream of me I pray

Three for a girl, and four for a boy
When next we meet, let all be joy
Remember me walking with sunlit hair
Imagine us rocking in easy chairs

Wish I may, wish I might
Wish this wish I wish tonight

Dream of me, dream of me
Close your eyes and fall away
Fall like a star into your memory
Dream of me – Oh, dream of me
Dream of me
Close your eyes and fall away
Fall like a star into your memory
Dream of me I pray
Oh, dream of me – Oh, dream of me
Oh, dream of me
