

Eternal Snow

AmaLee

Do you know, I fell in love with you
I can't remember, how long has it been
All I know, Is this love within my heart
Waiting for you
Can't you see, what you mean to me
How I wish you could read my mind
All these feelings, I could never find the right words to explain
Like the snow, oh my love
Falling down from above
In Time (In time)
It piles high, As if to touch the sky

Hold me tight, I wish I'd never known your light
This can't be right
This can't be how it's meant to feel
But I can't turn back time
Now, cause I love you
I only wish it wasn't true
I wish I could forget, wish that we'd never met
It's like my heart, I know eternal snow

Do you know, you're still in my dreams
How much longer till' you let me sleep
So I stay awake at the window pane
My breath fogging the glass
Can the snow in my heart
Melt away with the pain
One day (One day) I pray that it might
Just take my hands, and pray

Hold me tight, until I break
I hope I might
Cause then the wind and cold can't reach me anymore
I only wanna feel nothing
I miss you
When every thought's a thought of you
And I stand here alone, cause tonight is the same
It's like my heart, I know eternal snow

I wonder if the falling snow
Will numb my heart
And if with time, it could hide
These lonely nights, and all my love for you

Hold me tight, I wish I'd never known your light
This can't be right
This can't be how it's meant to feel
But I can't turn back time
Now, cause I love you
I only wish that it wasn't true
You can't be here and I, shall endure winter sky
Inside my heart, I know eternal snow

Hold me tight, Oh I miss you
I love you
And I stand here alone
Cause tonight is the same

So for forever, Oh Eternal snow
