

# Fallen Angel

AmaLee

Heaven, please sing for me a song of life  
Heaven, take me into your skies  
There's no place here for me to hide my cries  
Night and day, I am missing you ohh

I know I'm here for the magic  
All your stars guiding me through and through  
Oh why, this loneliness feels like forever, and ever  
I gotta be - I gotta be in your arms baby

You're so close, so close  
And it's you that I believe in - I believe in  
So, close, but far away so far I can't touch  
I'll hold on.

Cause its you I love so dearly  
When the the rain the storm, and all its done  
Caress me with your sweet lullaby...

Heaven, please sing for me a song of life  
Heaven, save me in my dreams tonight  
Someday these wings will perish in your side  
Night and day I call for you oooh

Flashes of moments of tragic  
Wandering souls, they fell along the way  
Tell me you will never leave me  
Forever and ever  
I gotta be, I gotta be, in your arms, hear me

You're so close, so close  
And its you I believe in - I believe in  
So close but faraway, I seek for your light  
I'll hold on

Cause for you my hearts keep beating  
When the wind, the fire and all is gone  
Caress me with your sweet lullaby

Will you be my light?  
Will you be my strength?  
Promise you won't let go

I'll never betray  
And in the end of time  
Still my love's gonna be there

You're so close, so close  
And its you I believe in - I believe in  
So close but faraway, I seek for your light  
I'll hold on

Cause for you my hearts keep beating  
When the wind, the fire and all is gone  
Caress me with your sweet lullaby
