I tried to hide but something broke
I tried to sing, couldn't hit the notes
The words kept catching in my throat
I tried to smile, I was suffocating though
But here with you, I can finally breathe
You say you're no good, but you're good for me
I've been hoping to change, now I know we can change
But I won't if you're not by my side

Why does it feel right every time I let you in?
Why does it feel like I can tell you anything?
All the secrets that keep me in chains, and
All the damage that might make me dangerous
You got a dark side, guess you're not the only one
What if we both tried fighting what we're running from?
We can't fix it if we never face it
What if we find a way to escape it?

We could be free, free
We can't fix it if we never face it
Let the past be the past 'til it's weightless

Ooh, time goes by, and I lose perspective
Yeah, hope only hurts, so I just forget it
But you're breaking through all the dark in me when I thought that no body could
And you're waking up all these parts of me that I thought were buried for good
Between imposter and this monster, I've been lost inside my head
Ain't no choice when all these voices keep me pointing towards no end
It's just easy when I'm with you, no one sees me the way you do
I don't trust it, but I want to, I keep coming back to

Why does it feel right every time I let you in?
Why does it feel like I can tell you anything?
We can't fix it if we never face it
What if we find a way to escape it?

We could be free, free
We can't fix it if we never face it
Let the past be the past 'til it's weightless

Oh, so take my hand, it's open (Free, free)
What if we heal what's broken? (Free, free)

I tried to hide but something broke
I couldn't sing, but you give me hope
We can't fix it if we never face it
Let the past be the past 'til it's weightless
