

Hey Kids!!

AmaLee

"Tonight we honor the hero"

Tonight, they'll don their masks - the kids that tear it down
And all these scheming lies will soon evoke the end

Turn up the temperature, entice that golden taste
Give it some FLAVOR FLAVOR FLAVOR
JUST WANNA HOLD YOUR HAND (x3)

"HEY, COME ON! (Come on!) Yeah, you
Let's bring it on back to zero, shall we?"

LET'S DRIVE THEM CRAZY

Return to the yesterday we cast away
The scene will overflow
LET'S DRIVE THEM CRAZY
We'll overrun the point of no return, I know
LET'S DRIVE THEM CRAZY
Soon you will find your vendetta's futile - So throw away that ego
HAVE YOU GONE CRAZY
Call out to me, come on, again and again

ARE YOU READY TO RESPECT THE HERO

"You know? I'm really tired of your piss-poor attitude
Mentally, physically, emotionally
Show me some respect, jeez!
Do you - Do you have any?!!
It's like you don't care about anyone but yourself
I swear you do it to piss me off ..
Tch, what a shame
You DO don't you?!"

It's all so ludicrous, a sinful DISTORTION
You fall from heaven's gate into a villain's fate
And say: "Hello? Temptation? Nice to meet you"

NOW AND FOREVER EVER EVER

LET'S DRIVE THEM CRAZY

Return to the yesterday we cast away
The scene will overflow
LET'S DRIVE THEM CRAZY
We'll overrun the point of no return, I know
LET'S DRIVE THEM CRAZY
Soon you will find your vendetta's futile - So throw away that ego
HAVE YOU GONE CRAZY
Call out to me, come on, again and again

Ooh x5
JUST WANNA HOLD YOUR HAND
JUST WANNA HOLD YOUR HAND
JUST WANNA HOLD YOUR HAND
JUST WANNA HOLD YOUR HAND
JUST WANNA HOLD YOUR HAND

LET'S DRIVE THEM CRAZY

This time, let an evolution shake our lives, we'll overcome the chaos

LET'S DRIVE THEM CRAZY

Sweet destiny, you are who I am living for-oh oh

YOU DRIVE ME CRAZY

I won't forget, I will find you once again

Just tell me where to go

LET'S DRIVE THEM CRAZY

So, bring it on, I'll challenge fate again and again

OHH - OH OH

JUST WANNA HOLD YOUR HAND

NOW SWEAR TO RESPECT THE HERO
