

High Touch

AmaLee

We fight, make up, then fight again
But in the end, we are still
The best of friends
So thank you for being there

Friends for the journey, friends for life
I pretend to understand it all
But still
I'm glad that you are here

NICE PARTNERS
NICE RIVALs
I'll push you
Then pull you back

When I look up the sun seems so bright
When I'm with you

If it goes well then we'll HIGH five
Maybe we'll see our thoughts on the way
As long as we are together
GO GO GO

It went well so let's HIGH five
Now that we're done we can make friends
As long as we are together
GO GO GO
GO GO GO GO
