

Can you hear my heartbeat?  
I'm tired of feeling I'm never enough  
I close my eyes and tell myself that my dreams will come true

There'll be no more darkness  
When you believe in yourself you're unstoppable  
Where your destiny lies  
Dancing on your blades  
You set my heart on fire

Don't stop us now, the moment of truth  
We were born to make history  
We'll make it happen, we'll turn it around  
Yes, we were born to make history

Can you hear my heartbeat?  
I've got a feeling that it's never too late  
I close my eyes and see myself in dreams that will come true

There'll be no more darkness  
When you believe in yourself you are unstoppable  
Where your destiny lies, dancing on the blades  
You set my heart on fire

Don't stop us now, the moment of truth  
We were born to make history  
We'll make it happen, we'll turn it around  
Yes, we were born to make history  
We were born to make history  
We were born to make history  
Yes, we were born to make history
