

I Will

AmaLee

My tears let 'em fall
I don't give a damn
I'll just keep on crying I won't hold back
There will come an end
When the sky will clear
That's when I know the light will reappear
Stay
Stay
Stay
Stay

I-I always did believe
Just call it a feeling
A single memory
Gone before my eyes
These feelings in my heart
Wish to be where you are
If only it could be so
I wouldn't feel this pain inside of my soul
But I hope one day I'll find the strength to grow

My tears let 'em fall
I don't give a damn
I'll just keep on crying I won't hold back
There will come an end
When the sky will clear
That's when I know that life will reappear
The world keeps rushing by
But I won't lose this dream of mine
Although the path may change
It's the same blood coursing through my veins
I'll remain

When will I meet you again?
Promise me you'll let
The first word from your lips
Be not a goodbye
There's a brand new dawn
I believe
'Cause it's the reason I go on

Days are flying by
I don't really mind
We can take our time no need to rush
Let the kindness grow
Stronger with each day
But I know we will not forget the pain
Innocent like a child
This heart's been hurt despite the smile
Promise you'll hold it tight
All through the night until it's reborn
And alive

I will

Oh~

Ooh~ yeah~

My tears let 'em fall
I don't give a damn
I'll just keep on crying I won't hold back
There will come an end
When the sky will clear
That's when I know the light will reappear
Days are flying by
I don't really mind
We can take our time no need to rush
Let the kindness grow
Stronger with each day
But I know we will not forget the pain
The world keeps rushing by
But I won't lose this dream of mine
Although the path may change
It's the same blood coursing through my veins
I'll remain
I will
