

Listen!!

AmaLee

IT'S DEEP DEEP tucked away inside my heart
Where nothing ever resonates in vocal art
The HEAT HEAT of this fire's melting me
I cannot break free

I'll SHOCK SHOCK you vibes around the clock
And follow where go but I will run, not walk
The ROCK ROCK of this beat I guarantee
You cannot break free

All of the lost picks and the broken sticks
Are never a problem!
We're on the same beat
Don't you think that's sweet?
My own miracle? Could it be?

We will sing all night and day
We'll sing all of our fears away
If a silence comes along
We'll eliminate it with this song!

You know that
I've lived to my heart's content
And there's nothing that I resent

Listen well - Scream and yell
Put this on repeat
ROCK AND ROLL PRECIOUS HEARTBEAT

And we will sing - All night day
LISTEN!
