

L.L.L. (Overlord)

AmaLee

Don't you give me your love'n passion

(Believe in love, even though
There're borders and disturbance and more
I'm the only one who loves you
Because I'm crazy about you)

Let's ride to Hell
I'll serve as we go
I don't mind if we can die together as one
Beyond the line - There's no end in sight
(I) swear I'm -a- gonna be so fucking grateful

Blessed word
You are supreme
Your commands, Your Highness I will always follow
You give orders, I'll never decline
You're the only one I'll call mine

I don't know why - my love is cryin'
Won't say goodbye - I need more time
Don't wanna die - Don't wanna cry
Shift my soul closer!

Don't you give me your love'n passion
I don't want our souls to let go

Why don't we chase this instinct?
Push it to the limit till it breaks apart

Don't want to live in a world without you
'Cause there's no future quite like yours, so
Kill it... Kill it
I'd be happy to kill it for my love!

Go till the end
Our visions a-lock
Gotta see it through with no resistance ahead

Straight to you, my pure heart will fly
Above the stars yeah, it's so fucking wonderful

Hey, get out! I'm not asking nice
But now you've reminded me to take out the trash

Kick them out! No mercy to spare
Your fate has been decided

I'm in the dark - Can't see your eyes
This lonesome hurts, so dark it burns
Won't say goodbye - There's no time
This pain's so suffocating!

Won't you come and hold me ti-ight
My affection; pure as crystal

This love is overwhelming

But I'll never stop till I get what I want

I wanna make it with you, baby
So if I can gain your attention
(I'll) risk it - Risk It
I'm gonna risk it all for the two of... us

Marvel at the maze
Melting our love and hate
One and all, they fall
Synthesizing into something new
For a chance at freedom

You don't know why my love is crying
Stay at your side - All of my life
Won't say goodbye - Don't wanna cry!
Hold me a moment more!

Don't you give me your love'n passion
Everything you are will be mine
No, I don't need a reason
Hey is this a crime - I just wanna be loved

Don't want to live in a world with you
Yeah, I'll survive on only your love!
(I'll) get it... Get it
I can't resist it - I'll get it for my love

I'll spend my life for loving you
Kill it - Kill it
I imagine now if you're mine
It's like a paradise and heaven and more
You are the only man who I love
In my life and destiny and all

Don't you give me your love'n passion
I know the border, it should be wrecked - GO!
