Moonlight Densetsu (Sailor Moon)

AmaLee

Why can't I tell you all of these feelings
It's so much easier when I'm dreaming
I think my brain's about to short circuit
I really wish I could find the words

And now I'm crying under the moonlight
I wanna call you up, but it's midnight
What should I do with all of these feelings
Like a Kaleidoscopic heart

The light that shines down from the moon
Will guide the way
And once again, it leads me to you

The constellations sparkle in my dreams
And so I wonder if it's a blessing
As if by fate we're born on the same planet
Just like a miracle romance

So let us have another great weekend
And I will pray it has a happy end
I'll still be here past, present, and future
Head over heels in love with you

I can't forget the way you looked at me that day
When I met you the very first time
Within the sea of stars under the night sky
I could still find you if I closed my eyes
I love the way the world gives us moments
That we make our own destiny

This miracle will always remain a mystery
Cause once again, it leads me to you

The constellations sparkle in my dreams
And so I wonder if it's a blessing
As if by fate we're born on the same planet
Just like a miracle romance

Fighting evil by moonlight
Winning love by daylight
Never running from a real fight
She is the one named Sailor Moon

She will never turn her back on a friend
She's always there to defend
She is the one on who we will depend
She is the one named Sailor

Sailor Venus
Sailor Mercury
Sailor Mars
Sailor Jupiter

Her secret powers all so new to her
She is the one named Sailor Moon
She is the one Named Sailor Moon

She is the one... Sailor Moon
