

# My Dearest (Guilty Crown)

AmaLee

So everything that makes me whole  
Belongs to you I'll give heart and soul  
I'm yours

Hey, I've never laughed like this in my life  
Forgetting all of the bitter strife  
I know I've made mistakes  
Even so, I'm glad I kept my feet on that path  
Because it's brought me to where I am today  
I'm here with you

I'll keep my head held high  
Always looking far across the sky  
We will go far where the stars all are  
'Cause we'll be connected by our joining hands  
Smile and all of my tears dry  
And this love of ours will never die

The two of us have something precious  
We must protect no matter what  
But there will come a time  
When our own strength alone won't be enough

Even if all hope is lost and somehow we both lose our way  
And even if the darkness comes and tries to take you far away

I'll become the light that shines down enveloping all dark you see  
I'll hold you close and won't let even God above take you from me  
So everything that makes me whole  
Belongs to you I'll give my heart and soul  
I'm yours

Hey, in this world I can see so much beauty  
And happiness that I can't help but  
Believe we'll find it too

There will come a time when someone accuses you of telling lies  
And they'll try and hurt you with their heartless words and judging eyes  
Even if the world turns on you  
And won't believe a word you say  
And even if they make you wear a crown of thorns  
Don't you give 'way

I will stand and be the one  
To wipe away those tears you shed  
And when someone's hurt you  
Let me be the arms you're running to

So everything that makes me whole  
Belongs to you; I'll give my heart and soul  
I'm yours

(For someone... for My Dearest)

One day you will understand  
All the mysteries inside my heart  
I will wait for that day praying

That we will never fall apart  
Even if all hope is lost and I am forced to fade away  
And even if I disappear I know that things will okay

I'll become eternal  
And will live on in your memory  
I'll never forget you...  
And I hope you will remember me

You're my dearest treasure  
And for you, I'd take my heart and soul  
And I'd... risk it all
