

NO-LIMIT

AmaLee

Whoa whoa whoa whoaaa
Oh, we'll get stronger!
Whoa whoa whoa whoa
Hey! Mr. Pain! Bring it! Bring it!
I'll never let you do as you like
I will get stronger than you
I've already made up my mind to be so!

I was always born a dreamer
Letting my heart lead the way
The more challenges that block me
Make tomorrow exciting

Eh Yo! Come my way, show me whatchu got, Mr. Pain!
No - no - no - no you know there's no stopping me!
I was never fit for losing
RAISE A FLAG
Even if scars fill every inch of my skin
RAISE A FLAG
I know my friends'll fight until end... by my side!

Shining brightly, there is a new world
Wanting for me, but I can't make it
Unless we fight as one - NO-LIMIT holds us back!
It's in our hands, we've gotta grasp it
And take a stand, aim for the future
NO-LIMIT holds us back!

Whoa whoa whoa whoaaa
Oh, we'll get stronger!

You'll only get one chance to knock out those that block you
And prove that you can't be stopped!
We just keep going - Going - We do what we can!
For the battle up ahead - We will fight to the end!
They say it's nothing more than luck
But they're just star-struck! (you know!)
Let's show em how we can break the limit

Whoa oh ohh woahhh
So let's go (go!) go! (go!)
Give me your hand now!
RAISE A FLAG
Through every single tear that we may shed
RAISE A FLAG
I know my friends'll fight until end... by my side!

Shining brightly, there is a new world
We gotta see - and we can make it
Through all the good and bad - NO-LIMIT holds us back!

It's in our hands, we've gotta grasp it
We'll take a stand, aim for the future
NO-LIMIT holds us back!

Even if you slip and stumble
And you can hear them laugh

Forge ahead on your path - oh!

Shining brightly, there is a new world
Wanting for me, but I can't make it
Unless we fight as one - NO-LIMIT holds us back!

It's in our hands, we've gotta grasp it
And take a stand, aim for the future
NO-LIMIT holds us back!

Whoa whoa whoa whoaaa
Oh, we'll get stronger!
Whoa whoa whoa whoa
