

On that day I swore I would keep you safe
It's a promise I have made in my heart

If I had to give my world to save a life, I would
I'd sacrifice everything and wouldn't even think twice
I'd offer it happily with a smile on my face
I don't think I've ever felt this way before
A reason to live
I have found that I don't need to hide these scars
All my faults they are making me strong
They only give me reason to live on

So today, I will wipe away every single tear
And it's true, I would give up everything for you
So just please promise me that you won't give up just yet
On that day I swore I would keep you safe
It's a promise I have made in my heart

Every day somebody makes a sacrifice
That's why we're able to continue on the fight and live our lives
Form the fear of losing I am no longer afraid
But that doesn't mean I've given up on all my dreams
I will stay, I won't run away and hide in the past
I will become the me that I'm striving to be
Even if that is nothing more than a hopeful wish
I hope I can reach you even just a little bit

If you're strong I believe you protect those in need
You don't rise above the weak
And the thing you should seek isn't gold victory
Maybe that's just me
If I had to give my world to save a life, I would
But I'd never forget you

So today, I will wipe away every single tear
And it's true, I would give up everything for you
So just please promise me that you won't give up just yet
On that day I swore I would keep you safe
It's a promise I have made in my heart
Even if the fading light we hold is all we know
Let's go!

Let's go!
