

## Red Swan

AmaLee

Like the sky at night  
There in the dark  
You can't hide your fear  
Can't lie, my dear  
Continue on your path  
See to your dreams  
And though they're soaked in blood  
Lift your wings  
To The Sky  
What's the lie?  
What's the truth  
What to believe?  
Like a fallen angel  
Cast away by the wind  
In time they descend  
And fall from the sky  
Into the starry night  
So heavenly your embrace  
Let it stay with me  
For eternity  
Fly To Heaven
