

Sakura Kiss (Ouran High School Host Club)

AmaLee

Kiss - Kiss
Fall in love!
(Hey! Hey! Hey!)

You've always been
Right there for me
But now it's so clear to see

So is this love, or hate?
Or maybe I've gone crazy

If you can't tell
My mind's a mess
It always is, but I digress
Lady, maybe, or host
I swear I really don't care
Everyone who falls in love
Has a story of their own
Take a chance, you never know
Maybe you're my love

It's only just begun
I wonder if with just one
Sakura Kiss, we could stop time
And I'd fall in love with you

Tomorrow's far away
Let's put our faith in today
Just you and me in a beautiful spring
Every moment, we'll be falling in love

(Hey! Hey!)
Maybe you're my love

I think of you, and honestly
You really are a mystery
