

# Sayonara Memory

AmaLee

I close my eyes again  
But will this be the end?  
Your silhouette  
It forces me to lose all my breath  
Goodbye then, goodbye then, goodbye then  
Sayonara Memory  
I close my eyes again

You're crying your eyes out so you can't see  
How you're wrapped up in the city sky  
If you listen closely, I know you'll hear it  
Can you hear my cry?

Sometimes the sound of your voice  
Is all I need to hear  
And I will make the right choice  
When times are hard and you're on guard  
Once more look at the sky  
It'll be embracing you

Won't you come my way?  
Once more, just call my name  
No, I won't tell a lie  
I'm holding back every tear  
Goodbye then, goodbye then, goodbye then  
Sayonara Memory  
So swear you'll never hide  
This love you have inside  
If I could have one wish come true  
Then I would stop time  
And again, and again, and again  
Sayonara Memory  
I close my eyes again

Do you recall the way we'd both  
Laugh on and on as we walked so close?  
Both under one umbrella too small  
But we didn't mind

The sky above's crying tears  
And I can't hear you through the storm  
It's like you're not there  
But I'll be strong, I'll carry on  
And look up to the sky  
So please watch over me

Just carry me away  
Once more, just call my name  
No, I won't tell a lie  
I want you to stay with me  
Goodbye then, goodbye then, goodbye then  
Sayonara Memory  
So swear you'll never hide  
This love you have inside  
If I could have one wish come true  
Then I would stop time  
And again, and again, and again

Sayonara Memory

I close my eyes again

But will this be the end?

Your silhouette it forces me to lose all my breath

Goodbye then, goodbye then, goodbye then

Sayonara Memory

Look for it, and you'll find

My rainbow in the sky

If I could have one wish come true

Then I would stop time

And again, and again, and again

Sayonara Memory

I close my eyes again

I close my eyes again

I close my eyes again
