

Sora ni Utaeba (My Hero Academia)

AmaLee

Cut straight through the Illusion
And soar from the confusion
To a Blue-Sky Revolution

Let it go and sing your heart out
Don't you sweat the regret
Make way
Make way
Every day, a future in the making
So give the fight
All your might

Seeking out
Every lie I hear about
Tears and time, the pass by
I say goodbye
Everything is on the line
But I'll never know unless I try
Every time you fail
Every time you cry
Make it so
It only makes you stronger

Cut straight through the illusion
And soar from the confusion
To a Blue-Sky Revolution
Let it go and sing your heart out
Don't you sweat the regret
Make way
Make way
Can't forsake the future when it's this bright
So give the fight
All your might
