

Summertime

AmaLee

Like I'm a prisoner of love
Now you've got me completely
No, I don't think this summer could get more perfect
Even though we can't go back
I swear I won't forget

But even so I hope someday
I'll be able to tell you
Like waking from a dream
My little wish will come true

A blue-grey shadow sways
'Round the corner of the street

No matter how many years have passed
I can't find the courage to confess
Every time I try, the words, they always flutter away
Hey, summertime (summertime)

Come with me on a ride to the coast
We can walk or take a car
And drive down the road
Just as long as I can be with you
I don't really mind
Hey, summertime (summertime)

Yeah, I just wanna run along the shore 'til dawn
And get lost for a moment in the ocean's song
In her sweet, sweet melody is where I belong

Like I'm a prisoner of love
Now you've got me completely
No, I don't think this summer could get more perfect
Even though we can't go back
I swear I won't forget

But even so I hope someday
I'll be able to tell you
Like waking from a dream
My little wish will come true

A blue-grey shadow sways
'Round the corner of the street
