

The Baddest Pop/Stars

AmaLee

Baddest do, what the baddest do
The baddest do, we the baddest who
Baddest do, what the baddest do
The baddest do, we the baddest

Coming at you live, real real wild
Here to light it up, set the world on fire
Gonna break the rules and hearts in twos
Cause that's what the baddest do

Never going back, nah not that
Diamonds on drip cause I came to make a splash
Gonna break the rules and hearts in twos
Cause that's what the baddest do

I spit heat I melt your face off
Disappear I'm your eraser
In the cut just like a razor
Murder business, where my blazer?
I got all the boys on me
I got all the lines on ring
Knock 'em dead, turning heads
I got all the eyes on me

So keep your eyes on me now
And what you see will lift you off the ground
A level you've never reached
I see you really wanna fight with me

We got it all in our hands now
So can you handle what we're all about
We're so tough, not scared to show you up
Can you feel the rush now?

Gonna break the rules (down, down, down, down, down, down)
They can try but we're gonna wear the crown
And hearts in twos (round, round, round, round, round, round)
Cause that's what the baddest do
We go hard 'til we get it, get it
We go hard, we're so in it, in it
We popstars, only winning, winning now
Ain't nobody bringing us down, down, down, down

Sorry for the bad news, sorry I'm so bad
Only took a minute for me to get what you had
Sorry for the bad news, know it makes you sad
I'll be there for a minute baby
You should pack your bag

I'm doing damage, went just how I planned it
I do what I want when I say
Yeah I'm making the news but that ain't nothing new
To live on the edge of insane

Coming at you live, real real wild
Here to light it up set the world on fire
Gonna break the rules and hearts in twos

Cause that's what the baddest do

Never going back, nah not that
Diamonds on drip cause I came to make a splash
Gonna break the rules and hearts in twos
Cause that's what the baddest do

Gonna break the rules (down, down, down, down, down, down)
They can try but we're gonna wear the crown
And hearts in twos (round, round, round, round, round, round)
Cause that's what the baddest do

We go hard, 'til we get it, get it
We go hard, we so in it, in it
We popstars (we popstars, popstars)
Cause that's what the baddest do

Baddest do, what the baddest do
The baddest do, we the baddest who
Baddest do what the baddest do
The baddest do, we the baddest
