One more time  
Like it's the last time  
Can we meet again anywhere is fine  
Hold my hand if you wouldn't mind  
'Cause I don't wanna leave your side

Let's stay up all night  
We can talk until dawn  
And walk hand in hand  
Until all the light is gone  
Can we always just stay forever this way that's all I really want  
Each and every day

I can't help but wonder how you're doing right now  
Can you tell me what you think about  
The thoughts that get you down  
Gazing with my lonely eyes I search high and low  
But the city has no warmth for me  
I only feel the cold

I knew it when we first met  
It's something I won't forget  
'Cause I realize that  
In your eyes  
The love you give is strength to fly

One more time  
Like it's the last time  
Can we meet again anywhere is fine  
Hold my hand if you wouldn't mind  
'Cause I don't wanna leave your side

It would seem I can't even dream  
If I'm all alone if you're not with me  
If I asked would you go with me  
To a place where no fears ever reach  
Somewhere we will always shine  
Through even dark and starless nights

As long as I am with you I'd walk all day and night  
I wouldn't mind as long as you are always here right at my side  
And if you'd like  
I'll hum a little song so we could pass the time  
This is why I'm so glad you're in my life

I can't help but wonder if we never had met  
Would I ever find such happiness  
I really doubt it  
Every time I feel like the world's closing in  
You were always there to hold me tight  
So darkness wouldn't win

The worst is the heartache  
When you only feel the pain  
I'm so lonely here  
Without you, I fear that I have lost my way

One more time  
Like it's the last time  
Will you hold my hand like it's all alright  
We can walk any path we find  
Just as long as you're here by my side  
If I can't make a dream come true  
I would only have to call to you  
'Cause I know you would go with me  
On a journey to seek out that dream  
I will cherish every laugh  
'Cause you are half of happiness

Now we're lost in a crowd  
People jostling us around  
I call your name  
Scream it loud  
'Cause I don't wanna lose sight of you now  
This is how I lost you before so I take your hand  
Hold it tight, squeeze it tight no I won't cry  
But then I see in the pocket of your jeans someone's calling you it seems  
But you don't notice a thing  
And I hesitate to tell you  
I just hate that part of me  
'Cause it's selfish but your mine and I don't want you to leave  
I wanna hold you close and never let you go  
I'm scared of losing you the most  
And just with that thought alone  
It makes me realize I'm glad that I'm alive  
Even if the world's against us I will always stand by you and fight

It's a lie I'm not that strong  
It's an act that I put on  
If I cry then I'll break  
So I won't make that mistake

On an autumn breeze a memory  
It's that time of year again  
It brings me back I'll never forget  
The very moment we first met

One more time  
Like it's the last time  
Can we meet again anywhere is fine  
Hold my hand if you wouldn't mind  
'Cause I don't wanna leave your side  
It would seem I can't even dream  
If I'm all alone if you're not with me  
If I asked would you go with me  
To a place where no fears ever reach  
If I can't make a dream come true  
I would only have to call to you  
'Cause I know you would go with me  
On a journey to seek out that dream  
I will cherish every laugh  
'Cause you are half of happiness
