Like I'm someone else

Like I can do whatever I  
Damn well please  
Man I got this crush and  
It just won't go away  
I'm tripping over over on  
My words I just can't breathe  
What you do to me is just a mystery  
I wish you knew my mind  
And what I what I feel  
You got me feeling like I'm  
Going a little crazy, yeah  
My head is spinning around  
My head is spinning aaround

Bathi wena uzondidlala but I  
Don't care I just wanna be held  
Bathi wena awndithandi but it  
Don't matter I just wanna feel your touch

Don't worry yourself babe
