

Phambili

Amanda Black

All you want is within reach
Don't let your fears come in between
You and your dreams
You and your dreams

All you want is within reach
Don't let your fears come in between
You and your dreams
You and your dreams

I know you feel like you will never make it
No matter what you do it's hard to fake it, yeah yeah
Ndiyaz akukho lula things don't seem to happen
Uphanda everyday but, things just stay the same
You think you never gonna be okay
But if you give up it'll be a shame yeah
Jonga phezulu
Yes kuzolunga
All you gotta do is keep your head high

I hope you feel me
Nami sometimes I pray they hear me
Yeah yeah
Noma bangathini I know
What's inside is gonna free me, yeah

I hope you feel me
Nami sometimes I pray they hear me
Yeah yeah
Noma bangathini I know
What's inside me is gonna free me, yeah

All you want is within reach
Don't let your fears come in between
You and your dreams

These troubles won't go away
I'm dying inside everyday
Can't take no more of this pain
Tired of feeling the shame, yeah
Depression's got me feeling like a stranger
Ndifuna uphill mina I don't want danger
Don't you ever let the struggle break ya, break ya

I hope you feel me
Nami sometimes I pray they hear me

Yeah yeah
Noma bangathini I know
What's inside is gonna free me, yeah

I hope you feel me
Nami sometimes I pray they hear me
Yeah yeah
Noma bangathini I know
What's inside is gonna free me, yeah

All you want is within reach
Don't let your fears come in between
You and your dreams
