

Leaving You Behind

Amanda Blank

So ambitious baby always on the road
Too relentless I can't ever let it go
Give it up, sit down and do what you're told
So wrong and I'm the coldest bitch you know

They take your number, but they never call (never call)
Don't want nothing, but you take it off (take it off)
Feel my resistance, got a grip on top
Using my legs because my head ain't - right (head ain't right)

Leaving you behind (leaving you behind)
I'm leaving you behind (lea-
ving you behind, leaving you behind)

I heard your secret and it's just too sweet to keep
I'm telling everybody you can't take the heat
Don't it sting, some got in there deep
And I can't help you cause I'm just so fucking mean

Go ahead and try me like you wish you could (wish you could)
You too small by how tall I stood (tall I stood)
Don't it hurt to know that you ain't that tough, fat stuff?
It ain't enough and nobody gives a fuck

Leaving you behind (leaving you behind)
I'm leaving you behind (lea-
ving you behind, leaving you behind)

I know you saw it coming
Said I was always running
Don't act so surprised, you knew the whole time

I'm leaving you behind (3x)
You behind...

Lea-ving you behind, leaving you behind
