

Horizon

Amanda Cook

You're my horizon
You bring the light in
You bring me hope when hope is gone
You're my horizon
You bring the light in
You break the dark with the dawn

You are the Light
The Light of the world
You are the Hope
The Hope of the earth
You are the Light
The Light of the world
You are the Hope
The Hope of the earth

You're my horizon
You bring the light in
You bring me hope when hope is gone
You're my horizon
You bring the light in
You break the dark with the dawn
You break the dark with the dawn
You break the dark with the dawn
