

Space

Amanda Cook

Love is here
Love's not blind
In the presence of Jesus
You don't ever have to hide
He is strong
He is kind
In the presence of Jesus
You can hold your head up high

There is space, space for you to come
Come as you are
Come as you want
You are safe, to bring every part
To be who you are
Oh Jesus loves you
Oh, oh, oh
Oh, oh, oh

You feel lost
Gone too far
There's no distance in His presence
You have never lost His heart

He is close
Wherever you are
There's relief within His presence
He will hold you to His heart

There is space, space for you to come
Come as you are
Come as you want
You are safe, to bring every part
To be who you are
Oh Jesus loves you
Oh, oh, oh
Oh, oh, oh

How sweet it is to be loved like this
Oh how sweet it is to be with Jesus
How good it is to be loved like this
Oh how good it is to be with Jesus

How sweet it is to be loved like this
Oh how sweet it is to be with Jesus
How good it is to be loved like this
Oh how good it is to be with Jesus

To be with Jesus
To be with Jesus
To be with Jesus

How good
How sweet it is
To be with Jesus

There is space, space for you to come
Come as you are

Come as you want
You are safe, to bring every part
To be who you are
Oh Jesus loves you
Oh, oh, oh
Oh, oh, oh
