

## This Is Love

Amanda Cook

Gracious Father, You have called me  
To come in closer  
Your arm around me is the one true thing that I know  
So help me believe, help me believe  
This is the truth You've spoken over me

This is love, that You have loved me  
This is love, that You have set me free  
This is love, that You have made me  
As I am, as You are  
So Your love whispers to my heart

You still want me when I'm broken  
So I'll be open  
To hear You speak my name, call me out of my shame  
Into Your grace  
'Cause You set me free, You set me free  
With the truth You've spoken over me

This is love, that You have loved me  
This is love, that You have set me free  
This is love, that You have made me  
As I am, as You are  
So Your love restores to my heart  
This is love  
This is love  
This is love  
This is love

This is love, that You have loved me  
This is love, that You have set me free  
This is love, that You still want me  
This is love, this is love

This is love, that You have loved me  
This is love, that You have set me free  
This is love, that You still want me  
This is love, this is love

This is love, that You have loved me  
This is love, that You have set me free  
This is love, that You still want me  
This is love, this is love  
This is love  
This is love  
This is love  
This is love
