

Swole

Amanda Delara

I get my face on swole
Oh, yeah
Face on swole
Oh, yeah, face on swole
Oh, yeah, mm yeah

Tidal wave looking juicy
Money make him act unruly
Plenty in the stash that's a fendi fact
I could put you on to some new things
Let me take a sip first
Heart cold temperature like winter
Why your man friendly? He a big flirt
Classic leather birkin, that's a big purse
You got poor taste, fuck your point of view
If you ain't down with the wave - what you up to?
I get dirty if I have to - I would jump in the pool just to lap you

Can't take advice from a broke hoe
Oh, yeah
Face on swole
Oh, yeah, face on swole
Oh, yeah, mm yeah
Getting my face on swole
Oh, yeah
Face on swole
Oh, yeah, face on swole
Oh, yeah, mm yeah

Somebody better check on my ex cause he suss
Yeah you coulda been with me, that sucks
Had the warning sirens playing in the background
You gotta hear about me winning, how do that sound?
It's bad for you
Now I'm jet setting international
I get dirty if I have to - I would jump in the pool just to lap you

Can't take advice from a broke hoe
Oh, yeah
Face on swole
Oh, yeah, face on swole
Oh, yeah, mm yeah
Getting my face on swole
Oh, yeah
Face on swole
Oh, yeah, face on swole
Oh, yeah, mm yeah
