

## Morninglight

Amanda Jenssen

What's the time, love of mine?  
Too late to go out  
No conscience left, can't get no rest  
Can't wait, must go out

Keep on running  
Something isn't right  
Save me morning light  
Baby, baby, please

So  
Are you scared, honey?  
Are you scared of me?  
Are you scared, honey?  
Are you scared?

Where's my dream, Jimmy Beam?  
Too late to find out  
Is there more than this kitchen floor?  
Let's drain my doubts

Keep on trying  
Something isn't right  
Save me morning light  
Baby, baby, please

So  
Are you scared, honey?  
Are you scared of me?  
Are you scared, honey?  
Are you scared?
