

# The Carnival

Amanda Jenssen

Hammerman, you make me dull  
I'm going to the carnival  
I'll sit beside and watch them play  
It's gonna be an awful day

I dug him up to find the core  
I won't be coming home no more  
And people wonder where I've gone  
I work here as a leprechaun

I've found  
Horses electric  
I've found  
Fire to blow  
I've found  
Sugar on a stick  
I've found gold
