

# Can't Help Falling in Love

Amanda Lear

Wise men say, only fools rush in  
But I can't help falling in love with you

Shall I stay? Would it be a sin?  
If I can't help falling in love with you

Like a river flows, surely to the sea  
Darling so it goes, some things are meant to be

Take my hand, take my whole life too  
For I can't help falling in love with you

Like a river flows, surely to the sea  
Darling so it goes, some things are meant to be

Take my hand, take my whole life too  
For I can't help falling in love with you  
For I can't help falling in love with you.
