Je m'appelle Amanda

Amanda Lear

For you
Tonight I'm just here for you
And every time I see you
You know that I came for you

I've got
So many things to say
So many roles to play
I can be good or bad

Je m'appelle Amanda
It is my name
You know about my life
And all its' ways
I made many mistakes

But no regrets
There's a price to pay to forget
I told so many lies
And I denied

Sometimes I was the best
Sometimes I cried
There's nothing more to say
One thing you know for sure
Je m'appelle Amanda

Tell me
That you'll love me forever
That we shall be together
If you call me I'll be there

'Cause the one thing I want
Is your true love
Lights shining on the stage
Like stars above

My friends all went away
I'm not alone
'Cause I got you to call my own
When I was way up there
I was so lost
Living a phony life
No one to trust

There's nothing more to say
One thing I know for sure
Je m'appelle Amanda
