

Nymphomania

Amanda Lear

Don't talk about love anymore
If you never took the way
There behind your upright backdoor
Just to get to need your call

Nymphomania
Nymphomania
Nymphomania
The long ride of love

Just know that some have the locks
And many other hold the keys
The trick of the game is to match
The two who will make the trip

Nymphomania
Nymphomania
Nymphomania
The long ride of love

Searching for the right number
You found out the wrong
In the long run it's the same old song
You can love somebody
Can the love bystand one
To be happy it must be the same one

My life is a long ride on love
My life is a long ride on love

Nymphomania
Nymphomania
Nymphomania
The long ride of love

My life is a long ride on love
My life is a long ride on love

Nymphomania
Nymphomania
Nymphomania
The long ride of love

My life is a long ride on love...
