

Pretty Boys

Amanda Lear

Pretty boys, witty boys
Jaded boys, faded boys
Seeking only satisfaction
And long lasting adulation
You leave tomorrow behind
Why don't you give a damn

Just beause we're lovers
Things can't last forever
You're bound to discover
When it's too late
That Your dream is over

Pretty boys, witty boys
Jaded boys, faded boys
Living life in a hurry
You leave tomorrow behind
Why don't you give a damn

Children of the night
Living in a world of lies
You turn starry eyes
Cause it's your fate
Towards an empty sky

Pretty boys, witty boys
Jaded boys, faded boys
