

What a Surprise

Amanda Lear

What a surprise
When the sun has arrived
And let the sunshine
Rise into my eyes
So,
What a surprise
When the sun has arrived
And let the sunshine
Rise into my eyes
It's a bit too long too long
It's a bit too long
My heart needs a light so strong so strong
To forget the winter months
So,
What a surprise
When the sun has arrived
And let the sunshine
Rise into my eyes
I ran to the coast I was sure, I was sure
The the sunshine has arrived as promised
Universe just called my heart
To join him for a race on the world
All over the world
Above the oceans I ran I ran
In my dreams of joy
It's a little bit too long, too long
But it's a little bit too long
So,
What a surprise
When the sun has arrived
And let the sunshine
Rise into my eyes
What a surprise
When the sun has arrived
And let the sunshine
Rise into my eyes
