

# Wastin Time

Amanda Perez

I gave you my heart but  
I had to walk away cuz  
I can't give you love if  
You just give me pain  
Yeah, you lied to me  
Promised me that you would never cheat  
Tell me what part should I believe  
Your words are everything that I've seen, ohh...  
You broke me down  
And I'm hoping that you're feeling it now  
Cause you could never get my love again  
Sorry baby, this is the end

How could you go and do the things you said that you would never do to me (do to me)  
All of this time I thought the love was true but it was just lies for me (lies for me)  
And I tried so hard to hold these feelings that I'm feeling so deep inside (deep inside)  
Why'd you have to make me cry (have to make me cry)  
Why'd you have to change my mind  
Well, I'm done wastin time

I always thought you was the one for me  
Then you went and did all that you done to me  
When I was loyal, I was down  
Now you're really gonna hate me now, cause  
I'ma be heartless  
And you gon love me regardless  
But you could never get my love again  
Sorry baby, this is the end, oh...

How could you go and do the things you said that you would never do to me  
(Thought you was the one for me, look what you've done to me)  
All of this time I thought the love was true but it was just lies for me  
(I thought the love was real)  
And I tried so hard to hold these feelings that I'm feeling so deep inside  
(Deep inside...)  
Why'd you have to make me cry  
(Why'd you have to make me cry, why'd you have to change my mind)  
Well, I'm done wastin time
