

Insecure

Amara La Negra

You say I'm loca, crazy
Said I been tripping lately
I wanna know baby
Does that make me insecure, mi amore
Mi amore
Does that make me insecure, mi amore
Mi amore
Does that make me insecure?

At night when you're falling asleep
Hold your cellphone tighter than me
You think that I can't see
What's happening
You want me like ABC
Why you creep like TLC
I'll give you til 1-2-3 til I up and leave

You say I'm loca, crazy
Said I been tripping lately
I wanna know baby
Does that make me insecure, mi amore
Mi amor
Does that make me insecure, mi amore
Mi amore
Does that make me insecure?

You say I been doing too much
Never too much when it's about love
Would you rather I just give up
On us, on us
Yesterday it was all about us
Now I don't know who I can trust
Is my love not enough
I've had enough

You say I'm loca, crazy
Said I been tripping lately
I wanna know baby
Does that make me insecure, mi amore
Mi amore
Does that make me insecure, mi amore
Mi amore
Does that make me insecure?

Intuition usually right
When you not next to me at night
Make me feel I'm losing my mind
But I'm onto something this time
Can't put my finger pon it
But I know you're not being honest

You say I'm loca, crazy
Said I been tripping lately
I wanna know baby
Does that make me insecure, mi amore
Mi amore
Does that make me insecure, mi amore

Mi amore
Does that make me insecure?
