

Tare

Amara La Negra

It's time to leave, we got nowhere to go
I need you to feel this, there's fire in my soul
So what you gonna do, tare
Tare tare tare tare, tare
Tare tare
It's time to leave, we got nowhere to go
I need you to feel this, there's fire in my soul
So what you gonna do, tare
Tare tare tare tare, tare
Tare tare

Can't wait to get into you
I take my time on you
Curious you should be
When you have a part of me
Why do you hesitate
You know you want it everyday
Holdin' on I can't wait
Ain't no reason for delay

You throwing game and I wanna play
There's so much here we can do
Try something new, boy you the truth
The reason why I like you
You throwing game and I wanna play
There's so much here we can do
Try something new, boy you the truth
The reason why I like you

It's time to leave, we got nowhere to go
I need you to feel this, there's fire in my soul
So what you gonna do, tare
Tare tare tare tare, tare
Tare tare
It's time to leave, we got nowhere to go
I need you to feel this, there's fire in my soul
So what you gonna do, tare
Tare tare tare tare, tare
Tare tare

I can feel you next to me
And that's all I need
You know all my desires
Boy I can't go no higher
One night is all I require
Can't wait to take you in
Baby I can get you to stay
Baby I can get my way

You throwing game and I wanna play
There's so much here we can do
Try something new, boy you the truth
The reason why I like you
You throwing game and I wanna play
There's so much here we can do
Try something new, boy you the truth
The reason why I like you

It's time to leave, we got nowhere to go
I need you to feel this, there's fire in my soul
So what you gonna do, tare
Tare tare tare tare, tare
Tare tare
It's time to leave, we got nowhere to go
I need you to feel this, there's fire in my soul
So what you gonna do, tare
Tare tare tare tare, tare
Tare tare
