

## Helix

Amaranthe

I can't stop you from breathing  
Give it all and then see you leave it  
I will stand and defeat it  
Undertow, stuck in the middle

Lift the veil of the darkness  
Be the voice of the broken hearted  
Just like you, I unleashed it all  
To reverse my heartbeat

All the voices in my mind  
And the times that we denied  
As I will reach into the light  
We cannot get out of

Make a start with the Helix  
Take us through the tide  
You can hide in this feeling  
I know we can see it  
All the stars are right  
Set my heart in the Phoenix  
Until the end of time  
So forgive us  
For sinning  
Make a start with the Helix

Nothing you say, how much you pay  
Never making me stop  
And every time you complained  
You were bringing me up  
And now you come around begging  
Now I'm at the top  
You'd better pray I never break  
Because you are draining my cup

Found my way through your eden  
I can see the soul-seeking pathway  
Scream for help if you need me  
I'm prepared to receive the heathens

All the voices in my mind  
And the times that we denied  
We come to the end of the line  
We cannot get out of

Make a start with the Helix  
Take us through the tide  
You can hide in this feeling  
I know we can see it  
All the stars are right  
Set my heart in the Phoenix  
Until the end of time  
So forgive us  
For sinning  
Make a start with the Helix

(Close your eyes, and open your mind)

How much I paid to get to the top  
And how I built from bottom up  
And now I know I had to come back  
This is a vision of the future not a flashback

Make a start with the Helix  
Take us through the tide  
You can hide in this feeling  
I know we can see it  
All the stars are right  
Set my heart in the Phoenix  
Until the end of time  
So forgive us  
For sinning  
Make a start with the Helix

Nothing you say, how much you pay  
Never making me stop  
And every time you complained  
You were bringing me up  
And now you come around begging  
Now I'm at the top  
You'd better pray I never break  
Because you are draining my cup
