

Your entertainment, I ain't my style
I am so much more than just a cyberspace delight

Raise across of the blazing lights
Get yourself strapped in
We're about to burn
Five five seven seven six six feet
In the stratosphere
Where you just can't breathe

You got it, I'm done
[?] when I come around
I'm going offline
My time is now

Iconic, can hear it calling
If you fall down on your knees
And do just everything we please
Iconic, that's what we call it
If you fall down you will see
What it's like to be iconic
(Ooah!)

You're so outrageous
I got a plan
Order and I'll fire up
The clone, the [?], the [?]

Crush down burning through the atmosphere
Through the [?] skies
Without landing gear
Six six six is your number in the [?]
So save your [?] for another time

You got it, I'm done
I'm going all in for the second round
I'm going offline
Just one more time

Iconic, can hear it calling
If you fall down on your knees
And do just everything we please
Iconic, that's what we call it
If you fall down you will see
What it's like to be iconic
(Ooah!)

You got it, I'm done
One last time for the final round
I'm going, so long
And now you're mine

Iconic, can hear it calling
If you fall down on your knees
And do just everything we please
Iconic, that's what we call it
If you fall down you will see

What it's like to be iconic
(Ooah!)
